Workshops and Meetings

CDI Monthly Conference Calls

The Community for Data Integration (CDI) meetings are held the **2nd Wednesday** of each month from **11:00 a.m. to 12:30 p.m. Eastern Time**.

Audio:
USGS/DOI Dial In Number: (703) 648-4848 (for USGS and DOI offices)
Toll Free Dial In Number: (855) 547-8255 (for other offices and telecommute locations)
Conference Code: 47919# (same for both numbers)

The CDI holds an annual workshop and monthly meetings for the entire community. Individual working groups set their own meeting schedule. Workshop pages below this section will be as comprehensive as possible with a collection of notes and other artifacts from meetings. We try to capture web meeting sessions and audio here for weekly meetings as well. Together the Monthly Forums and Annual Workshops provide a key component in the networking and sharing among community members.

Annual Workshops

CDI hosts an annual meeting that brings together scientists, managers, data managers, information technologists, and data users to leverage existing tools in support of mission-critical science and to stimulate future thinking for emerging "big data" and other pertinent questions. Participants share activities and accomplishments through presentations, workshops, papers, poster sessions, and informal gatherings. In recent years, the annual workshop has become a webinar series where information is shared via WebEx and teleconference. These annual meetings and webinars have also become an outlet to share the results and progress of CDI-awarded projects.
